

# Ponderosa Pine

*Pinus ponderosa*  
Pine Family

W 20'-50'

H 90'-170'

- Montana's State Tree
- Can be used for a windbreak, buffer strip, reclamation, and mass landscape planting
- Becomes fire resistant once mature due to thick bark
- Bark is a fascinating jig-saw pattern with orange to cinnamon coloring
- Seeds are a major food source for a variety of birds and small animals
